IBS Security Ltd - HQ

IBS Security Ltd. - HQ

Our company offers the following services within the physical and technical protection of objects field: Physical protection of facilities with static security guards and security guards – receptionists. Persons entering the protected zone firstly make contact with the security guards – receptionists, who are our company's reflection. Therefore, we require our staff to be orderly, with impeccable communication skills, friendly and professional.

CP Team – Training

CP Team – Training

Mobile security guards – patrols and intervention unit are carried out by the best trained men in the Section of physical protection of facilities. Facilities are protected also in operational – prevention ways, which means that our security guards develop a genuine and friendly relationship with nearby residents both in terms of protection of buildings and in obtaining a number of allies who finally established presence in the area of the protected zone. Our authorization number to carry out Fire Protection Prevention number is 8450 – 61/2007, issued by the Ministry of Defense.

**PHYSICAL PROTECTION OF PROPERTY** - Physical security of the facility may be implemented through security guarding service, the intervention unit or permanently present static security guards at the protected site. It depends on the security plan, which is prepared on the basis of threat assessment, how physical protection is carried out. Without any physical protection, technical protection facilities may not be a hundred percent effective.

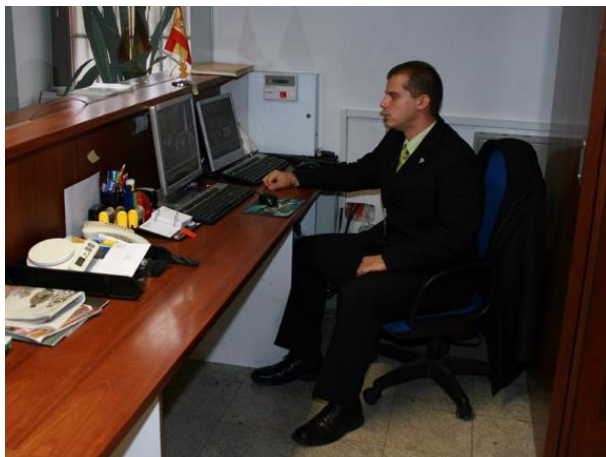

*Close Protection*

*Public Gatherings*

## **CLOSE PROTECTION**

Close Protection is covered by a specific set of security measures within the operational preventive physical and personal security. IBS Security Ltd., has been issued the Licence for Close Personal Protection Certificate No. 2510 -27/2007/7, by Ministry of Interior in May 2007.

*Residential Security*

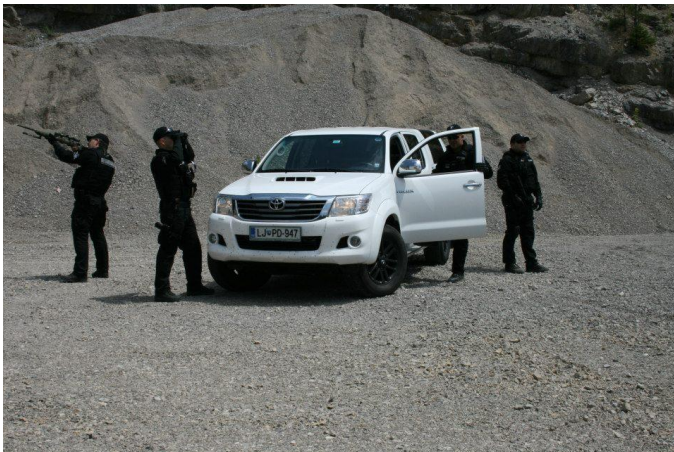

*Close Protection*

**PROTECTIVE INTELLIGENCE** – Section is running and executing preventive and operational protection of persons. The main task of the section is preparation of threat assessments, risk assessments and security vulnerability surveys. On the basis of threat assessment and in accordance with a set of measures, protection of the person is planned.

Threat assessment is prepared on the basis of all available information obtained from various open sources, i.e. clients who with their own activity enhance the implementation of direct physical protection; and in collaboration with external partners, e.g. detectives, police, and other governmental institutions. As a part of the planning, section hedging to ensures optimum safety of protected persons, and plans to provides those security measures that are necessary to ensure the safety of specific individuals.

**PHYSICAL PROTECTION OF PERSONS** – We offer a wide range of security services, including: Operational preventive protection: our experts in conjunction with external reference companies and detective services, assess the actual security threats, and give an opinion on the urgent security measures necessary to ensure the integrity of personality parties.

IBS Security Ltd. – HIGH RISK

IBS Security Ltd. – HIGH RISK

**Security Chauffeurs:** our professionally trained Security Chauffeurs with many years of working experience in the field of personal protection ensure that the customer arrives safely from point A to point B. They are trained to recognize potential hazards and how to avoid and prevent incidents. If incidents happen they respond quickly and effectively.

Intervention

High risk close protection training

**Close Protection:** if threat assessments reveal that for the security of the person a bodyguard is necessary, this work will be done for you by our best security guards, trained in all areas. It is a team with many years of

experience in police, armed forces, intelligence, etc. All of our Close protection officers hold the CP National Vocational Qualification, and IBS International Bodyguard Reference Certificate, and they all continue with regular ongoing training in all areas relevant to their work.

**Security Protection of Executives** - VIPs and individuals in the territory of the republics of former Yugoslavia and elsewhere in the world: We have branches in most countries, including those with high security risk (Kosovo, Afghanistan, Iraq), to which our clients wish to travel. *Israeli Team - Close Protection*

*Protection of Embassies*

**Protection of Business Meetings** – Our employees, including our external collaborators, have extensive experience in the field of security protection of persons and facilities. We have gained much of this experience by participating in the planning, and in management and implementation of domestic and foreign highest risk protected persons hedging. It is a group effort, combined with the experience of those individuals who acquired extensive experience also while working in the Office of Safety and Security, within the General Police Directorate.

Organization and protection of business or social events and VIP parties, may include the following measures: transport with our / your vehicle to the chosen location and back; counter surveillance review of the facility; covert transportation with our / your vehicles to the selected secret locations and back; covert physical – technical protection of the facility or person; operational – preventive actions; organization of the entire Social Meeting.

**PROTECTION OF PUBLIC EVENTS AND MEETINGS** - To ensure the safety of these events, we have a combined group of our most experienced and skilled security guards.

## SECURITY PLANNING

“Security plan” is a document which contains a risk degree assessment and a physical security plan. Risk degree assessment is a document which provides the basis for the security plan, with the system of physical and technical protection, and defines the scope of protection and security needs.

*Israeli Team - Close Protection*

*Israeli independence Day - 2008*

Firstly, we precisely identify the needs of each customer and establish a security system which is the most effective. Our basic rule is that the system must be adjusted to provide the optimum....

*IBS Varovanje d.o.o. – HIGH RISK*

*IBS Varovanje d.o.o. – Public Gathering*

“Physical security plan” is a dynamic document that changes, complements and builds in accordance with the evaluation of the degree of risk. It must be constructed in a way that the measures are suited to the overall assessment of the degree of risk. We also offer security a consultation at strategic and operational level. Our company has in the private security services market excellent references, reputation and confidence of our services. The reason for that is our approach to the projects with a multidisciplinary collaboration with renowned experts in the field of safety and security and safety companies. We also offer a consultation at strategic and operational level. We have outstanding references and reputation in the private security services market, with many repeat-clients who express high confidence in our services. This is due to our approach to projects, which is a multidisciplinary collaboration with renowned experts in the field of safety and security, and safety companies.

**Dalibor Debartoli**

CEO

e-mail: [dalibor@ibs-varovanje.si](mailto:dalibor@ibs-varovanje.si)

Mobile phone: +38640570402

**Dalibor DEBARTOLI.** In 1993 he graduated on the Srednja Kadetska šola in Tacen (Secondary Police school). After graduation he was employed by Ministry of the Interior – Police. While serving with the Police he worked in following police units: Special Police unit (1993-1995), Police station Kočevje (1996-1998), General Police Directorate, Criminal Department – Sector for Special Operations (1998-2001), Police Directorate Ljubljana – Criminal Department Ljubljana, Unit for Organized crime (2002-2004), Police station Ribnica– Deputy of Police station commander (responsible for Public peace and order, criminality), Bureau for Security and Protection (2005-2007).

While performing security tasks in Bureau for Security and Protection he studied and organized tasks in the field of personal and buildings security. In this period Debartoli, while organizing visits with the highest risk assessment (such as official visits of highest representatives of the states, delegations, for example OSCE meeting, NATO meeting, Regards to EURO...) acquired rich professional experience in the field of direct protective - operative security. In 2007 the Director of the Police appointed Debartoli as the Leader of the working group which was responsible to prepare Risk assessment in connection to hold the EU presidency. In last 15 years he took part in different additional trainings (martial arts, shooting, safe driving, driving with 4X4 vehicles, emergency police driving, Transport of dangerous persons on the airplanes, etc.).

As the Head of the Preventive department in the Bureau for Security and protection Debartoli gathered vast experience also on the Senior management level. Besides other obligations he was responsible for protective-operative security of then Prime Minister Mr. Janez Janša, the Minister of the Interior Mr. Dragutin Mate and other ministers (gathering of the operative information and preparation of Risk assessments). Debartoli is a well-known traditional JUJUTSU master. With his knowledge and experience he was responsible for martial arts trainings of other members of Bureau of Security and protection. He is also IBA Close Protection instructor and ILETA DART Instructor. The National Chamber for Private Protection services in 2005 signed a special contract with Dalibor Debartoli. He is one of the official performers (instructors) for the national program – Protection of persons (CQB, Protective driving, Firearms, Telecommunications, Stress management, BG Protocol, Risk Assessment etc.). Since 2002 he has been actively cooperating as the IBA Instructor at International Bodyguard Association training activities. He holds the IBA BG licence. On 19.9.2002 he graduated from the Police Academy, Rocenska 56, 1211 Ljubljana Smartno. He also possesses national professional certificates for Security officer, Bodyguard and Security manager. And he was also working as the Underwater military specialist in Special Intervention Unit – 1. Special brigade, Moris (1995-1996).

On 01 November 2007 he took over the tasks of the Managing Director in security company IBS Varovanje in storitve (International Bodyguard Service). He is also IBA Certified Bodyguard Instructor and ILETA Dart and Tactical Firearms instructor. Security Industry Authority – Licence Number: 0840012614382869, Sector: Close Protection, ASIS member.

To cooperate with us, don't hesitate to contact us.

Dalibor Debartoli, IBS Managing Director
